

The Second International conference on Networks & Communications (NeCoM-2010)

July 23 ~ 25, 2010

Chennai, India

<http://www.coneco2009.com/west/west.html>

The Conference Looks for significant contributions to the Computer Networks & Communications for wired and wireless networks in theoretical and practical aspects. Original papers are invited on computer Networks, network protocols and wireless networks, Data communication Technologies, and network security. The aim of the workshop is to provide a platform to the researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field.

Authors are solicited to contribute to the conference by submitting articles that illustrate research results, projects, surveying works and industrial experiences that describe significant advances in the following areas, but are not limited to

- | | |
|---|---|
| <ul style="list-style-type: none"> ▪ Heterogeneous wireless networks ▪ Adhoc and sensor networks ▪ High speed networks ▪ Internet and Web applications ▪ Measurement & Performance Analysis ▪ Mobile & Broadband Wireless Internet ▪ Mobile networks & Wireless LAN ▪ Multimedia networking ▪ Network Architectures ▪ Network Based applications ▪ Network Operations & management ▪ Network Protocols & Wireless Networks ▪ Network Security ▪ Networked systems applications and services | <ul style="list-style-type: none"> • Next Generation Internet • Next Generation Web Architectures • Optical Networks and Systems • Peer to peer and overlay networks • QoS and Resource Management • Recent trends & Developments in Computer Networks • Routing, switching and addressing techniques • Self-Organizing Networks and Networked Systems • Signal Processing for Communications • Ubiquitous networks • Wireless communications • Wireless Multimedia systems |
|---|---|

Workshop Details: The Second International conference on Web services & Semantic technology will provide an excellent international forum for sharing knowledge and results in theory, methodology and applications of web & semantic technology. The growth of the World-Wide Web today is simply phenomenal.

Paper submission: Authors are invited to submit papers through the [conference Submission system \(Track:NeCoM 2010 \)](#) by January 31, 2010. Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this conference. The proceedings of the conference will be published by Springer (LNCS) in [Communications in Computer and Information Science \(CCIS\) Series\(Confirmed\)](#). Selected papers from NeCoM 2010, after further revisions, will be published in the special issue of the following journal.

- [International journal of Computer Networks & Communications \(IJCNC\)](#)
- [International Journal of Computer Science & Applications \(IJCSA\)](#)
- [International journal of Computer Networks & Communications \(IJCNC\)](#)
- [International Journal of Wireless & Mobile Networks \(IJWMN\)](#)
- [International journal of computer science & information Technology \(IJCST\)](#)
